NEW FACES AT THE FARM!

Oasis is happy to announce the addition of a new Board member – Hilary Phillips. Hilary currently lives on the property as our evening caretaker; she has proven herself with a knack for socializing semi-feral kittens & scared-y cats. She has worked tirelessly as a volunteer, jumping in when other volunteers need to reschedule their times, and spends many evenings playing with and socializing the cats. She is also invaluable in introducing prospective adopters to their chosen pets, as she knows the animals' personalities very well. Hilary has a medical background and is an experienced equestrian; she enjoys assisting the farmhands with all of the outside animals as needed. In her new role she will help with processing adoption and volunteer applications, in addition to many other duties. Welcome Hilary!

Jinx – a former feral kitten that was trapped with her less-feral siblings, it took Jinx a bit longer to get comfortable being handled by humans. She now loves to have the back of her head scratched and is learning how to play. Since she is still a little shy, Jinx will need a little time with a person experienced with cat behavior to bring out the best in her. A quiet home without small children would work best.

JINX

Weasley – this cutie pie is about 11 months old, very friendly and loves attention! Starting out as a feral kitten, Foster Mom bottle fed him and socialized him with other cats. He is a happy playful little guy!

WEASLEY

Preacher and Hobbs – these gorgeous peach and orange colored tabbies are just adorable! They were brought up almost from birth by Foster Mom who bottle fed them. They are very handle-able and social. The two cats can be adopted separately.

Fiona is the newest addition to the Oasis crew. She was a starving stray found in our garage! Very friendly, we tried to find her home but to no avail. As it turns out, Fiona is pregnant with at least 5 babies and also has 2 families of internal parasites living in her skinny little body. She is on some medications for the worms and is eating ravenously. She is due for her babies in early April. Once the babies are weaned they will be available for adoption.

If you are looking for kittens now, we do have another family of 6 little ones coming in in early April.

POOR KITKAT!

Our little Miss KitKat, momma to 4 (now adult) sons, was having some mouth issues. She needed dental work, but since she is so shy it was difficult to get her in a carrier. However, Hilary was finally able to confine her and she was brought to Delaware Valley Vet Hospital for dental work. Her mouth was so bad she lost most of her teeth! She is now healing well and is much happier. Donations are being sought to assist in the cost of her medical expenses.

DID YOU KNOW?

Oasis is NOT governmentally funded; all of our operating expense is covered by monetary donations from individuals, grants from Foundations and trusts, some corporate giving, bequests & inheritances, and non-cash gifts by individuals and businesses. We are as affected as everyone with the higher costs in food, medical care, utilities, and insurances. Please help us with monetary gifts to keep our doors open for the unfortunate animals that find refuge at The Oasis Animal Sanctuary. Thank you!
